

CAMP VAN DORN, MISS.

Dear People: —

Surprized? So am I,  
although a rumor went through  
camp to the effect that we  
were coming here before we left.  
Its a temporary camp, but its  
comfortable. Its a new division  
(the 63<sup>rd</sup> Infantry - Blood & Fire), and  
chances for an NCO rating should  
be fairly easy to get. I may even  
get a chance to go to O.C.S.

Tomorrow, we will be  
classified as to branches of  
the division. I think that chemical  
warfare will be my branch, this  
because I was classified as a  
chemist in Fort Dix.

Dont write yet becuse  
I dont have a company address

get. I will get this tomorrow  
and wire you if possible. I  
hope that you get the wire  
before this. — then you can write  
to me.

It was a long monotonous  
trainride - coach for 46 hours.

I served K.P. most of the time  
to pass away the hours. It was  
really quite interesting in the  
mess car.

Tell you more tomorrow —

Love —

Bruce
