

Dear Folks:

Sorry I didn't have the time to write yesterday, but I was rather (very!) busy. The food is good and the treatment we get is swell. I really like it so far. I was lucky and drew barracks - some of the fellows are in tents.

Please don't write until I receive my orders as to where I go to basic training - I'll never get your letter.

I rated group I on my I.Q. - score 141! Nice? In my interview this A.M. I was told that my chances for O.C.S. were good. I'm a sentry to-morrow night. Love — Bruce.
